

# 2023 Outstanding Mentor Award: Larry Danziger

Just a *few* of Dr. Danziger's accomplishments:

- Mentored over 80 trainees
- Creation of an Infectious Diseases/Critical Care Fellowship and an Infectious Diseases Fellowship with Dr. Keith Rodvold focusing on the pharmacodynamics of antimicrobials
- Established ID PGY2
- Creates a personalized experience so each trainee develops their own skill set
- "Sounding board for them as needed, offer information and guidance as necessary, question and/or challenge them when appropriate."

In their own words:

"I saw this same treatment to others in his network, be they of different races, ages, sexual orientation, etc. I strive to emulate this atmosphere of equity and inclusion within my own network."

"For more than thirty years I have been extremely fortunate to have someone like Larry, whose opinion I value and judgement I trust, to reach out to as a sounding board as needed."

"Larry continued to advocate for my success long after the end of my fellowship"

"Anytime I am faced with a serious fork in the road or a particular professional conundrum I just can't seem to work through, I think to call Larry."
